

Secure Hosting
Solutions

Hosted Microsoft Exchange

A PROFESSIONAL QUALITY MESSAGE SERVICE ACCESSIBLE WHEREVER YOU ARE

ADVANTAGES

✓ COLLABORATION

Easily share your email, calendar, contacts and tasks with your work group.

✓ ACCESSIBILITY

Access your data from anywhere, anytime using your mobile device.

✓ SIMPLICITY

No equipment is required. No software needs to be downloaded. There is no need to take training. We look after everything!

✓ SECURITY

Our data centres are reliable, and our redundant systems guarantee a highly secure hosting environment for your message system.

✓ ECONOMICAL

Hosting in our data centre reduces your initial investment by eliminating material and maintenance costs.

Microsoft Exchange Server is a **communication and collaboration server** based on electronic messaging. It allows you to access messages, reminders, notes and contacts from your mobile phone as if you were at your office, as well as share your information and calendar with your work group.

Why choose Exchange?

The modern professional is more and more mobile and the hosted Exchange solution has been conceived to adapt to this new reality. With Exchange, your Outlook data is now accessible at any time via your smartphone or through a Web platform.

Why use Vertisoft hosting?

The hosted Exchange solution in Vertisoft's secure data centre helps you avoid significant infrastructure investment. There is no need to buy material or budget for systems maintenance costs! You can be confident that no data will be lost thanks to our remote monitoring services and automatic backup.
